It was over 100 years ago that my grandfather made that first bottle of furniture polish in the family garage. His interest quickly turned to making cars look show car perfect and look where we are today. Meguiar's is now the top brand of car wax products worldwide for car guys who want show perfect cars.

As a company, we started supporting car shows in the late '40's. I began working car shows in the 1960's with small 10' booths and a lot of passion for what our products could do for cool cars. Today, on any given weekend, our men in black are at almost every major car show in the world from here in the UK to all of Europe, South Africa, the Middle East, Russia, China, Indonesia, Australia and throughout America.

We're often asked why we are enjoying such amazing sales and record profits during the current economic meltdown. The answer is simple: Even in tough times, people will continue to spend money on those things that "define who they are" look their best. With the products we make and 11,000 car shows we sponsor around the world, we are doing everything we can to keep the car hobby strong and your car forever looking its show car perfect best.

# Over a Century of Excellence

[meguiars.co.uk](http://meguiars.co.uk) | 0870 241 6696

What began over a century ago as a simple furniture polish laboratory in the garage of founder Frank Meguiar Jr., now spans four generations of Meguiar family stewardship. In his wildest dreams, it's doubtful that Frank Meguiar, Jr. could have foreseen what his first bottle of furniture polish in 1901 would evolve into over the next 100+ years.

Meguiar's, Inc. has become the global leader in appearance care and is proud to offer our next generation of products, tools and accessories to serious car enthusiasts. We strive to set an entirely new standard for quality and performance in the industry.

From his first bottle of furniture polish, Frank Meguiar, Jr. built his business on excellent products and an understanding of his consumer's needs. Today, Meguiar's enduring and strong relationship with serious car enthusiasts worldwide has created a level of trust and respect for the brand that transcends our products and embodies the lifestyle of the car hobby. To this day, the family is committed to delivering products and building relationships that excite and unite car enthusiasts and professionals worldwide.

In 1923, ours was truly a family business with everyone helping to make products at home. During the day, Frank Meguiar, Jr. would demonstrate and sell the product made the night before to pay for groceries.

Frank Meguiar, Jr.'s passion for quality and value continues to be what makes our products unique today.

The family business grew out of the garage and into the office shown far left in 1936.

## 5 Steps to Show Car Perfect Paint

Meguiar's has spent the last century dedicating itself to the relentless pursuit of creating products that provide a "show car" perfect paint finish for your vehicle. From this passion for excellence, Meguiar's has identified the following five-step approach to paint care that will provide spectacular results when carried out with our unique selection of surface care products.

**1. WASH** - Wash your car using water and a specially formulated car wash and conditioner. Detergents can dry your paint out leading to a loss of gloss and shine. All Meguiar's washes are also environmentally safe.

**2. CLEAN/PREP** - Stubborn contaminants bonded to the paint surface can be safely and quickly removed using Meguiar's Detailing Clay. Fine scratches and swirls are most noticeable on dark coloured cars and are usually caused by particles of contaminants on wash sponges and drying towels. The most effective way to remove below surface paint problems like oxidation, fine scratches and swirls is to use a non-abrasive, clear-coat safe paint cleaner like Meguiar's ScratchX 2.0.

**3. POLISH (OPTIONAL)** - Meguiar's Deep Crystal® Polish is recommended as an optional step, especially for dark-coloured cars, prior to waxing to help create the ultimate in high gloss.

**4. WAX/PROTECT** - To protect and add a brilliant gloss to your paint's surface, use only premium car wax products like Meguiar's Gold Class™ Wax, or NXT Generation® Tech Wax™ 2.0.

**5. MAINTAIN** - Regular maintenance removes above surface contaminants like bird droppings or tree sap before they have time to bond or etch into your paint finish. Meguiar's Quik Detailer®, NXT Generation Speed Detailer™ or Ultimate Quik Detailer dramatically extend the durability of your wax protection.

## NXT GENERATION™ CAR WASH

Our latest synthetic, polymer-based shampoo penetrates, emulsifies and dissolves dirt without stripping off wax protection. The pH balanced formula will gently, yet effectively remove the toughest road grime and surface contaminants.

532ml **£5.99** RRP Product code: **G-12619EU**  
1892ml **£14.99** RRP Product code: **G-12664EU**

## GOLD CLASS™ CAR WASH SHAMPOO AND CONDITIONER

Luxurious lather and rich conditioners nourish your finish and the brilliantly slick surface chases water off your paint, reducing drying time and leaving a shimmering gloss. 'Molten Magic' is just one of the terms our customers have used to describe our best selling shampoo in the UK.

473ml **£5.99** RRP Product code: **G-7116EU**  
1892ml **£15.99** RRP Product code: **G-7164**

## SOFT WASH GEL

Years ago we invented this wash gel that is super thick, super rich and super concentrated. It is unlike any other car wash on the market. It contains optical brighteners to enhance the brilliance of the paint finish... and it won't strip off wax protection. It's completely safe on all surfaces, including the very latest paint finishes.

473ml **£4.99** RRP Product code: **A-2516EU**

## GRIT GUARD®

Grit Guard helps prevent swirl marks inflicted during the wash process by removing small particles of dirt and debris which would otherwise be rubbed across the surface of the paint. The Grit Guard fits snugly into the bottom of the available bucket. This will help remove dirt and leave it safely at the bottom of the bucket. The handy seat lid provides a useful closure for the bucket and a comfortable seat.

**Grit Guard** **£11.99** RRP Product code: **G-408**

**Grit Guard & Bucket** **£18.99** RRP Product code: **G-408B**

**Grit Guard, Bucket & Seat Lid** **£22.99** RRP Product code: **G-408BL**

## ULTRA PLUSH WASH MOP

The Versa-Angle Ultra Plush Wash Mop was specially designed to make cleaning large vehicle surface areas fast and efficient. The easy-grip telescopic handle easily extends up to 152 cm while the multi-directional swivel hinge on the head naturally articulates to any angle. The super-soft, super-thick mop head is gentle on all paint types and is machine washable. A replacement mop head is also available.

**Wash Mop** **£17.99** RRP Product code: **X-1190**

**Replacement Head** **£6.99** RRP Product code: **X-1200**

## LAMBSWOOL WASH MITT

Our Lambswool Wash Mitt will pamper your paintwork and is ideal for sensitive finishes that mark easily. The gentle washing action of genuine lambswool is much better than sponges and conventional wash mitts. On the reverse side there is a special non-abrasive bug removing gauze.

£9.99 RRP Product code: A-7301

## SUPER THICK MICROFIBRE WASH MITT

Our new and improved Microfibre Wash Mitt allows for swirl-free washing while lifting and trapping the dirt. This super-soft Microfibre Mitt provides a gentle wash action and is machine washable.

£9.99 RRP Product code: X3002

## WATER MAGNET® DRYING TOWEL

This extra large (70cm x 55cm) Microfibre drying towel absorbs three times the water of traditional terry towels and gives fast, spot-free results. The Water Magnet will significantly reduce the time taken to dry your vehicle. Machine washable.

£12.99 RRP Product code: X-2000

## 1.2 SQ. METRE (4 SQ. FT.) NATURAL CHAMOIS

Meguiar's 100% natural sheepskin chamois offers unsurpassed thickness and is created through a premium tanning process to deliver maximum absorbency and durability. You'll not find a better quality natural chamois.

£17.99 RRP Product code: X-2100

# Questions & Answers

## What is the difference between a polish and a wax?

A pure Meguiar's polish such as the Deep Crystal Step 2 Polish is a blend of oils that are absorbed by the paint in the same way your skin would absorb a moisturiser. The polishing oils will create a deep wet-look gloss but will offer no protection. This gloss can be sealed and your paint protected with the application of a wax such as the Deep Crystal Step 3 Wax. Alternatively you could use either Gold Class Wax or NXT Generation Tech Wax 2.0 which combine polish and wax in one easy application.

## Can I use Meguiar's products on top of my dealer applied protective coating?

You can use our products safe in the knowledge that they are compatible with all current dealer applied paint protection systems.

## What are the benefits of using a Wash Mitt?

It's the washing process that inflicts most 'swirls' or light circular scratches to your paint. This is because tiny particles can get trapped between the face of a sponge and the paint surface. By hosing down the paintwork first and using a wash mitt with a deep pile, these particles will be absorbed into the mitt and will consequently do a lot less damage to your paint.

## How much product should I use?

When applying a cleaner, polish or wax, imagine you're rubbing lotion onto your skin. Like hand lotion, you should only apply as much as the surface can absorb at one time. Any more will dry as excess residue, which in essence is just waste. Most users have found Meguiar's products to be much richer than those they have used before.

## Are dusters and mutton cloths ok for removing residue?

All Meguiar's formulations recommend the use of a 100% Cotton Terry Towel or better still a Meguiar's Supreme Shine™ Microfibre for removing product residues. These are far more absorbent than cloth and will therefore deliver a streak-free finish much quicker. Towelling or Microfibre will also reduce the risk of scratches from particulate matter that may be deposited on the paint surface.

## What is detailing clay?

Clay is a fast and safe way to remove contaminants that have bonded to your paintwork which can't be shifted by washing alone. Meguiar's recommend that you tear about 1/2 of a clay bar off and work it in your hands until soft. Mould the clay to a 5cm disc, spray the Quik Detailer onto clean, dry paintwork and glide the clay through the lubricant using finger tip pressure. It will remove all of the bonded contaminant, giving you a finish as smooth as glass.

## How often should I use a 'paint cleaner'?

It is important to deep cleanse your paintwork at least once a year. This will remove light oxidation, minor staining and the inevitable build up of waxes and silicones. After an application of Deep Crystal Step 1 Paint Cleaner followed by a polish and wax, your paint colour will be richer and its gloss deeper.

## Above-surface contaminants

Above-surface contaminants such as industrial fallout, tree sap and bird lime can be detected by running your finger tips over the paint finish after washing and drying. Any 'grittiness' felt can be removed using Meguiar's detailing clay.

## Below-surface defects

Small below-surface imperfections such as oxidation, stains, small marks and scratches can be safely removed using Meguiar's Scratch X® 2.0, SwirlX or Ultimate Compound, giving a flawless finish prior to polishing and waxing.

### QUIK CLAY STARTER KIT

Tree sap, overspray and industrial fallout are just a few of the contaminants that bond to your paint's finish, making it 'gritty' and lacklustre. Meguiar's Quik Clay Starter Kit will quickly and safely restore a smooth-as-glass finish. Polishes and waxes then apply and wipe off in less time with dramatically improved results.

**KIT INCLUDES:** 473ml Quik Detailer, 1 individually wrapped 50g clay bar.

473ml and 50g bar **£14.99** RRP Product code: **G-1116EU**

### SMOOTH SURFACE™ CLAY KIT

Our non-abrasive clay bars safely, easily and instantly remove paint overspray, fallout, environmental contaminants and more, making waxing easier and more durable. The Smooth Surface Clay Kit provides the best performance and the best value.

**KIT INCLUDES:** 473ml Quik Detailer, 118ml Cleaner Wax, one Supreme Shine Microfibre Towel, and two individually wrapped 50g clay bars with plastic storage box.

473ml, 118ml and 2 x 50g bar **£25.99** RRP Product code: **G-1016**

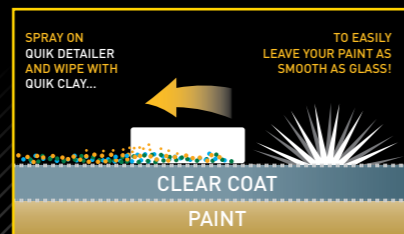

### SMOOTH SURFACE™ REPLACEMENT CLAY BAR

Our replacement clay bar makes it convenient for you to replace just the clay contained in our clay kits. This non-abrasive clay bar safely, easily and instantly removes paint overspray, fallout, environmental contaminant and more, making waxing easier and more durable. Always use a spray detailer like Meguiar's Quik Detailer™ with this product. Plastic storage box included.

## SCRATCHX® 2.0\*

Meguiar's introduces a new and improved formula for isolated scratch and scuff removal, ScratchX 2.0. This new formula has been specifically developed for hand application to quickly remove isolated scratches, fingernail marks, paint transfer and car park scuffs. Unique micro-abrasives correct these defects fast and are completely clear coat safe. Not just a "cover-up", ScratchX 2.0 is a special formulation designed to completely remove scratches, ensuring that once they are gone, they stay gone!

207ml **£8.99** RRP Product code: **G-10307EU**

## SWIRLX™\*

Spider webs, holograms, towel marks, swirls... Car guys tell us that eliminating them is their number one problem. In response, we've developed SwirlX to easily remove swirls and light scratches from all paint finishes. Formulated from our expertise in the paint industry, SwirlX is clear coat safe and consumer friendly. In addition, SwirlX can be applied by hand or with our DA polisher and leaves a brilliant, swirl-free surface that maximises gloss and reflectivity.

450ml **£9.99** RRP Product code: **G-17416EU**

## ULTIMATE COMPOUND™\*

Meguiar's has revolutionised rubbing and polishing compounds with Ultimate Compound. Our new abrasive technology quickly removes stubborn oxidation, stains, bird dropping blemishes and other sub-surface defects while polishing the surface to a mirror finish. Unlike traditional rubbing and polishing compounds that scour the surface, our new clear coat safe micro-abrasives produce an amazingly clear finish that is free from scratches, hazing and swirls. Whether working by hand or with our DA polisher, Ultimate Compound is the perfect choice to prepare your paint's surface for your favourite Meguiar's wax.

## ULTIMATE QUIK DETAILER™

Ultimate Quik Detailer is a revolutionary mist and wipe product that works like a spray detailer while enhancing wax protection. Hydrophobic Polymer Technology™ delivers an incredibly high surface tension which adds protection and causes water to bead relentlessly - wash after wash! Perfect for removing dust and fingerprints, Ultimate Quik Detailer leaves an ultra-slick, ultra-dark finish and is safe on all paint finishes.

650ml **£11.99** RRP Product code: **G-14422**

## ULTIMATE QUIK WAX™

Meguiar's Hydrophobic Polymer Technology™ is now available in an easy to use spray wax. Ultimate Quik Wax is the perfect solution for maintaining your paint's protection in between regular waxing. This new technology can even be applied in direct sunlight and leaves no white residue on plastic and trim. Simply mist on and wipe off. So fast and easy that you can wax your car in just minutes! The protection and relentless water beading, however, lasts for weeks.

450ml **£11.99** RRP Product code: **G-17516EU**

## QUIK DETAILER®

Quik Detailer is the original link between washes. It can be used anytime, anywhere to remove fresh contaminants before they have time to bond to the paint work, without scratching the surface. To restore that show car finish, simply mist on and wipe off using a Supreme Shine™ Microfibre or a 100% Cotton Terry Towel.

473ml **£6.99** RRP Product code: **A-3316EU**

## QUIK WAX™ SPRAY

High-performance, spray-on carnauba wax offers deeper, darker reflections with increased gloss, shine and protection. Just spray on and wipe off, to wax your entire car (wet or dry) in just a few minutes.

473ml **£6.99** RRP Product code: **A-1616EU**

## QUIK WHEEL DETAILER™

Quik Wheel Detailer is safe on all types of wheels, and can be used anytime, anywhere to remove fresh contaminants before they have time to bond to a wheels surface. Simply spray on and wipe off using a Supreme Shine Microfibre or a 100% Cotton Terry Towel.

473ml **£6.99** RRP Product code: **G-14616EU**

## SUPREME SHINE™ MICROFIBRE

This incredibly plush microfibre gives amazing results. The thick, deep, dual-sided Microfibre pile absorbs three times more than traditional terry towels and the fibre structure reduces the effort needed to remove product residue. Machine washable.

Single **£6.99** RRP Product code: **X-2010**

Triple Pack **£14.99** RRP Product code: **X-2020**

## SOFT BUFF™ TERRY TOWEL

Meguiar's Soft Buff Terry Towels are thick and plush to provide superior absorbency and a swirl-free finish. The towels are pre-washed for instant absorbency and lint-free performance.

**£5.99** RRP Product code: **X-2040**

## VERSA-ANGLE BODY DUSTER

Meguiar's Versa-Angle Body Duster safely and efficiently removes light surface dust from all paint finishes. The specially-treated dust head traps dust and safely lifts it away. With its versa-angle adjustable handle design the duster is ready to use on all surfaces.

**£24.99** RRP Product code: **X-1180**

## SOFT FOAM APPLICATOR PAD

This pad is ultra soft and uses a tight cell foam structure to offer safe and even application of product on a variety of surfaces. Machine washable.

Twin Pack **£3.99** RRP Product code: **X-3070**

## EVEN COAT™ MICROFIBRE APPLICATOR PADS

The specialised microfibre material of the Even Coat Applicator Pad produces amazing results when applying paint cleaners, polishes and waxes. This pad is ideally sized for long term comfort and you can wash and dry it as you would any of our towels.

## MEGUIAR'S KIT BAG\*

We have designed a kit bag to transport your full Meguiar's collection. The bag is of heavy duty nylon construction including 2 interior net pockets and a larger front pocket, with embroidered Meguiar's logo and velcro foot.

£19.99 RRP Product code: **ST015**

## REUSABLE DETAILING SWABS

Ten each of two different-sized foam tipped swabs let you wipe away any grime and debris, apply product efficiently and remove residue from your vehicles many recesses.

£9.99 RRP Product code: **6-301**

## ALL-SURFACE INTERIOR BRUSH

Designed with hard and softer bristle zones and an ergonomic palm grip to safely clean all interior carpet and cloth surfaces. The light yellow bristles loosen and release dirt and grime from the carpet fibres while the gold bristles safely clean all other interior surfaces.

£7.99 RRP Product code: **X-1000**

## TRIPLE DUTY DETAIL BRUSH

Provides three unique bristle sets for fine detailing. The shorter bristles are ideal for use on trim and mouldings, while the longer bristles are great for reaching tight areas. The unique end bristles provide access to hard-to-reach areas.

£3.99 RRP Product code: **X-1130**

## HAIR & LINT EXTRACTOR

As the bristles of the extractor brush move along interior surfaces, a small static-electric charge is produced to draw hair and lint into the brush. The long bristles are ideal for carpet and deep pile while the short bristles work best on upholstery or headliners.

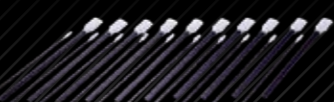

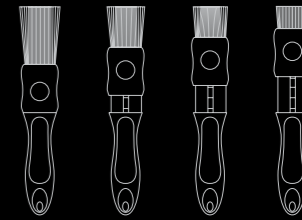

£5.99 RRP Product code: **X-1140**

## SLIDE-LOCK DETAILING BRUSH

Easily adjusted for interior or exterior use. This clever brush is designed to replace the need for multiple brushes with our multi-positioning, slide-lock collar, which is safely wrapped in rubber to prevent scratching. The long bristles are ideal for vents and interior detailing, whilst the short bristles are great for exterior mouldings.

£5.99 RRP Product code: **X-1120**

## MEGUIAR'S DUAL ACTION POLISHER

Whether you're a seasoned professional or a casual user who wants show quality, swirl-free results, this is the tool for you. Meguiar's Dual Action Polisher greatly reduces the amount of time it takes to apply paint cleaners, polishes and wax and produces results far superior to applying these products by hand. And because of its dual action-rotation and orbit-you never have to worry about damaging the paint. (Pad not included)

**KIT INCLUDES:** G220 Dual Action Polisher, W67DA 16.5cm D.A. Polisher Backing Plate, Backing Plate Spanner, D-Handle, Handle Attachment Bolts (2), Allen Key.

£149.99 RRP Product code: **G-220**

## SOFT BUFF™ 2.0 BUFFING PADS

New and improved, now machine washable! New foam technology, combined with a high-tech laminate provides durability and allows for machine washing, while the new 7 inch pad size reduces chatter for a smooth buffing experience and features a recessed backing for easy centering.

**Foam Polishing Pad 7 in.**

Every month at Meguiar's we are inundated with emails, letters and phone calls from customers that want to tell us about the shine they have achieved by using Meguiar's products. Some send in pictures of their pride and joy and many of these get included in the monthly Shining Stars Gallery at [www.meguiars.co.uk](http://www.meguiars.co.uk). For every entry that is included, the owner receives a Supreme Shine Microfibre as a token of our thanks. Below are just a few entries from 2008.

### BMX M3 EVO II

*This is my 1998 Car Wash followed by the NXT Tech Wax with occasional top-ups with Ultimate Quik Detailer. I have to admit that the car was resprayed last year, but without the attention to detail I don't think it would still look this good. I am a recent convert to Meguiar's products having used many different brands in the past. I now trust Meguiar's to provide a quality product for every cleaning, polishing and detailing requirement that I have, and recommend the products to everyone who asks.*  
Darren Teagles

### ALFA GTV

*This is my 1998 phase one 3 litre GTV Lusso. Now 10 years old with original paintwork the car has done 78,000 miles and is my only vehicle. I use Gold Class Car Wash Shampoo to wash the car regularly and wax every month or so with Gold Class Clear Coat Wax which is the best wax I have ever used. Every 6 months or so I give the car a "full monty" wash, clean and wax. I use the Quik Clay Detailing System which is very effective and gives the paint such a smooth finish, ScratchX where necessary, Deep Crystal Polish and then finally Gold Class Wax usually putting on 2 coats. For exterior plastic and rubber trim I use Natural Shine Vinyl and Rubber Protectant which does not give too glossy a finish. For wheels and tyres I use Hot Rims Wheel Cleaner with the spoke brush and for tyres Endurance High Gloss Tyre Gel both give very good results. I have used exclusively Meguiar's on the GTV since they became available in the UK and have recommended the products to my friends. Thanks David Pepper*

### MAZDA RX8

*Hi Meguiars, having recently acquired my pride and joy I was keen to keep her looking her very best. I have not been too fussy with materials in the past 20+ years of motoring (ignorance is not always bliss!!) but decided to scour the car forums online for the best car grooming there is. Meguiar's has many recommendations so I bought a few of your new additions. I first used NXT Generation Wash, dressed the tyres with Hot Shine Tyre Spray and the wheels with Hot Rims. After a good chamois drying I finished off with NXT Tech Wax and you can see the results. I am really pleased and am now a total Meguiar's fan. Regards Glyn O'Sullivan*

## EZ CLEAN SPRAY & RINSE

Meguiar's Motorcycle EZ Clean is the safest and easiest way to clean your entire motorcycle. Using an exclusive pH balanced, biodegradable formula, this product will effectively clean the hard to reach parts on your bike without damaging the different surfaces found on a motorcycle. Our Xtreme Cling™ foam is designed to adhere to vertical surfaces and help remove dirt and grime. Safe for everyday cleaning of all surfaces on your bike!

473 ml **£8.99** RRP Product Code: **MC-20016**

## DETAILER MIST & WIPE

Meguiar's Motorcycle Detailer keeps a waxed motorcycle looking "just waxed" and maintains a wet-look shine. Also removes harmful contaminants before they damage your finish. Use our Motorcycle Detailer right after your bike is hit by a rain shower, bird dropping or exposed to any other condition that ruins your bike's "just waxed" appearance. The safe, high lubricity formula lifts off dirt and grime without scratching while enhancing gloss. Details your entire motorcycle in minutes. Use it in the garage, at work or on the road for quick touch-ups. One bottle details up to 8 bikes.

236.5ml **£6.99** RRP Product Code: **MC-20108**

## LIQUID WAX WET LOOK

Meguiar's Motorcycle Wax is the versatile, easy way to clean, polish and protect all paint finishes (including clear coats and gel coats) in one easy step! Durable and easy to apply and remove, Meguiar's Motorcycle Wax effectively and safely removes surface contaminants and blemishes that dull your finish, including fine scratches and swirl marks, to leave a high-gloss shine. For best results apply to a clean, smooth, cool surface in the shade.

177ml **£9.99** RRP Product Code: **MC-20206**

## NO SLIP LEATHER CLEANER/CONDITIONER

Clean and protect your bike's leather and vinyl with Meguiar's Motorcycle Leather Cleaner/Conditioner. A premium blend of moisturisers and nutrients leaves leather & vinyl looking and feeling supple. The gentle, effective formula cleans, restores and enriches surfaces for a luxurious appearance and helps to prevent premature wear, such as drying and fading. Containing no solvents or irritating detergents, this ultra-rich formula won't leave a slippery residue or artificial gloss.

177ml **£6.99** RRP Product Code: **MC-20306**

## PLASTIC CLEANER/POLISH

Restore clarity to clear plastics with Meguiar's Motorcycle Plastic Polish. Cutting-edge advancements in micro-abrasive technology gently removes fine scratches, surface stains, contaminants and light oxidation. Vital conditioning oils restore optical clarity, while highly water-resistant polymers provide long-lasting durable protection. Safe on helmets, eye shields or clear fairings.

177ml **£6.99** RRP Product Code: **MC-20506**

## ALL METAL POLISH

Keeping exhaust pipes and other metal surfaces clean just got a lot easier with Meguiar's new Motorcycle All Metal Polish. Simply apply a small amount of polish onto any chrome, polished aluminum or other metallic surface for a mirror-like shine! Hard rubbing is not necessary and the residue buffs off easily. A unique polymer blend keeps metal surfaces brighter longer and you can achieve amazing results without hazardous chemicals and chemical odours.
