

BATTERY SENSE

SMART BATTERY HEALTH MONITOR

Easily track the health of your vehicle battery with this unique Bluetooth enabled smart tracking device. It's easy to install and data is delivered through a free to download iPhone or Android App.

GET IN THE KNOW

If you know when it's time to charge your battery, you can prevent vehicle breakdowns and maximize battery performance. Battery Sense provides valuable information about your vehicle battery in a simple, user-friendly way.

GET YOUR BATTERY TALKING TO YOU

Battery Sense continuously monitors your vehicle battery to get information about battery health, putting you in the know. Battery Sense will sync stats automatically to your mobile phone via Bluetooth. Multiple battery sense monitors can be synced to your phone.

GET THE APP

A free to download iPhone or Android App provides a simple to understand condition report on your vehicle's battery. It will send a push notification if the battery's state of charge falls to a critical level or if measurements have not been taken for seven days.

CHARGE

When Battery Sense tells you to charge, reach for a CTEK charger for a complete battery-care solution.
