How To Use Nanolex Trim Rejuvenator

This product can be stored for up to 24 months (in a dry, temperature stable environment)

<u>Processing temperature:</u> 5-30°C - Avoid direct sunlight and/or high air humidity.

IMPORTANT: Before you use a Nanolex Car Care product please make sure you wear suitable protection gear – we always recommend to use Latex- or Nitril gloves to make sure your hands are protected from any possible damage to your skin.

1. Nanolex Trim Rejuvenator can be applied to all exterior plastic trim. The surface must be dry and free of contamination and dust. We recommend to use Nanolex EX to assure that all contamination is removed completely.

2. Nanolex Trim Rejuvenator should be applied very sparingly with a <u>lint free</u> tissue/applicator pad etc. to create an even but very thin layer of coating. The surface must be covered completely. After the application excess material should be removed by simply wiping it off with a lint free microfiber cloth, applying medium pressure.

3. Directly after polishing the sealant is dry and the surface can be touched. At normal ambient temperature the sealant is completely cured after approximately 2 minutes.

Please read the separate information on how to clean your car after a treatment with Nanolex sealants.

If you have any questions regarding our products or in case you need support during the application please feel free to get in touch with our staff any time.
The information on this data sheet is based on the current status of technical development as well as our experience with the product. However, given the variety of surfaces and ambient conditions, the information provided on this data sheet shall in no way diminish the responsibility of the user to ensure with due care, that our product is suited for the intended purpose, surface and application conditions. Since application and processing lie outside our purview, no manufacturer liability shall be derived from the information provided herein. Our General Terms and Conditions of business shall apply in all cases. All information is subject to change without notice.
